Wilson Ryon, candidate for membership on the State central committee, at a largely attended meeting held in Star Hall here last night under the auspices of the Woman's Republican Club of Chillum district. Chillum district, added zest to the fight now going on in both parties because of alleged interference by race track influences in political

affairs of the county.

Ryon declared that he had two uncles who were members of the board of directors of the Bowle race track, but that they were in no way influenced politically by this fact. He stated that a promi-nent official of the Bowie race track, who, he said, was a Demo-crat, approached one of his uncles. William S. Ryon, of Seat Pleasant, and demanded that he withdraw the name of Richard A. W. Pyles. of Mount Rainier, as a candidate for the Republican nomination for the State senate, in order to make plain sailing for William Noble Fisher, the organization's candidate for this nomination

According to the speaker, Mr. Ryon was threatened by this Demo-cratic leader and official with dismissal from the board of directors but the threat was not heeded and Mr. Pyles' name remains on the ticket. The speaker also charged that outside race track interests were attempting to control the primaries.
